

HG209 USER MANUAL

hygger All In One Water Conditioner+

1. PRODUCT INTRODUCTION

hygger All In One Water Conditioner+ is a high-efficiency, safe, and versatile water treatment solution designed to instantly neutralize chlorine and chloramine, stabilize water parameters, and safeguard the health of fish and aquatic plants. Ideal for routine maintenance and emergency water conditioning, this product empowers aquarium enthusiasts to maintain a balanced, thriving aquatic ecosystem effortlessly. With hygger All In One Tap Water Conditioner+, you can create a stable, healthy environment where your aquatic life flourishes.

2. USAGE INSTRUCTIONS

1. During Water Changes

Shake well before use. Add 10mL (0.34 oz) per 100 liters of water (26.42 Gal).

Stir thoroughly before adding to the aquarium.

2. Emergency Treatment

Add directly to the aquarium at a dosage of 20mL (0.68 oz) per 100 liters of water (26.42 Gal).

Use for sudden chlorine spikes or urgent water quality issues.

3. Routine Maintenance

Add weekly to help maintain stable water conditions.

3. PRECAUTIONS

1. Do not use hygger All In One Water Conditioner+ with other products, which may reduce their effectiveness.

2. Store unused liquid in its original container in a cool, dry place.

Refrigeration or freezing is not required.
